who we are

Isfol, Institute for the Development of Vocational Training of Workers, is a public research institute operating in the field of training, employment and social policies. Among its tasks, Isfol is the leading partner for Italy's ReferNet Programme and Coordinator of the National Consortium, thus ensuring the sound implementation and valorisation of the Programme activities.

ReferNet is a European network of institutions created by Cedefop – Centre for the Development of Vocational Training - in 2002 to provide information on national vocational education and training (VET) systems and policies.

The network provides an authoritative forum for the exchange of information on the progress of national VET systems, as well as on the progress of relevant research and technical and scientific literature.
